**Texas Folklife Cultural Heritage Relative Survey
"PATTON STORIES"**

About: Texas Folklife is a statewide non-profit organization dedicated to preserving and presenting the diverse cultures and living heritage of the Lone Star State. Through our youth education program, Stories From Deep in the Heart, we produce audio stories (podcasts) based on customs and traditions, and oral storytelling. The Stories program is an award-winning in depth folklore and audio documentary training for Austin and Central Texas high public school students and teachers. You can hear some of the many stories on the Texas Folklife Soundcloud channel: <https://soundcloud.com/texasfolklife>

Below are a list of questions for you to answer with your Patton student. This serves as an entry into a school-wide contest for your interview to be selected to be recorded, edited, and published on the Texas Soundcloud. Recorded interviews will be between the person filling out the survey and the student. Stories must encompass a custom and/or traditions relevant to the Patton student population. The "Patton Stories" will debut at Patton Arts Day on March 13 hosted by the Patton PTA. We welcome you to share more about your cultural heritage with the students at Patton!
